

Goodfellows Paper Sale Opens Friday

ROMULUS—The Goodfellows Association of Romulus Township open their annual Newspaper Sale Drive this weekend.

The cry of "Please Let No Child Be Without a Merry Christmas" will be heard throughout Romulus this Friday and Saturday, Dec. 12 and 13.

Some 30 to 50 business leaders, government officials, citizens and members of the township's fire and police departments will take to the main streets in the role of newsboys, whose only aim will be to make this Christmas a happy one for the township's needy families and children.

ROBERT J. WALICKI, president of the Romulus Goodfellows, and Robert Champagne, co-chairman of this year's Newspaper Sale, asked township residents to open up their hearts and purse strings in bringing Christmas cheer and happiness to some 250 to 300 needy children, who

otherwise will not know that there is a Santa Claus.

They asked for community-wide cooperation in helping the Goodfellows to make this year's paper sale a big success.

The goal for the 1969 campaign is \$2,000, an increase over last year. The Goodfellows have 3,000

newspapers to sell this weekend.

EVERY BIT helps no matter how small the donation is for a copy of the Goodfellows' newspapers.

Funds collected in the newspaper sale and other donations are deposited in

the Goodfellows Fund that is currently near rock bottom, Walicki reported.

Some 150 needy families are on the Goodfellows' lists.

Hours of the paper sale will be from 7 a.m. to 7 p.m. on Friday, and from 7 a.m. to 2 p.m. on Saturday, Dec. 13.

RECIPIENTS OF

Goodfellows' assistance will receive certificates for food or clothing. These certificates will be redeemed by Romulus Township merchants. They are not good for the purchase of liquor or tobacco.

Balanced Transportation System Need Here Cited

Is Only Solution To Rising Traffic

Calls For Immediate Action Supervisors Group Report

BY HENRY CANTIN
Staff Writer

A regional mass transportation system to balance private automobile travel appears to be "the only feasible solution" to the growing problem of traffic congestion, four Wayne County officials have concluded from a three-city study tour.

"Massive and immediate" efforts to develop the system, including a bus network and rapid transit lines, in this region are called for in a report on their trip. The County Board of Supervisors received the report Dec. 4.

The four — three supervisors and a department head — accompanied Michigan legislators and officials from four other states on a five-day trip to Seattle, San Francisco and Los Angeles.

WAYNE COUNTY'S DELEGATION consisted of Edmund Bizik, of Romulus, D-District 24, chairman of the supervisors transportation, industrial and commercial development committee; Detroit

supervisors George F. Killeen, D-District 2, and Thomas P. O'Rourke, D-District 14; and Richard L. Szele, acting director of the County Office for Industrial and Commercial Development.

The Board of Supervisors was invited to send representatives by State Senator Gilbert E. Bursley, R-Ann Arbor, chairman of the joint legislative committee on transportation.

In their 23-page report, the Wayne County group calls

PREPARING FINAL DRAFT

Police, Township OK Employment Contract

ROMULUS—A contractual agreement between the Romulus Police Officer Association and the Romulus Township Board of Trustees, the first police employment contract in the history of the Township has been approved.

The Township Board approved the pact, subject to executives of the Association supplying the Township Board members with copies of its final draft at their Dec. 1 session.

If there are no objections to the transcription of the agreement including amendments from Board members within five days after receipt of the final draft, approval is given to formal signing of the agreement by administrative officers of the Township.

IT IS expected that this final signing will be on Dec. 9, with ratification by the police association shortly thereafter.

The purpose of the agreement is to provide orderly collecting bargaining opportunity, job security and other rights and privileges to Township Employees, to secure prompt and fair disposition of any grievances and to provide more

harmonious and efficient working relationships between the employer and employees.

THE AGREEMENT recognizes all sworn policemen of the rank below, but not including lieutenant, both part time and full time on Township payroll.

The employment contract also fixes the conditions of employment, economic benefits, rules and regulations.

The Romulus Police Association has been officially designated as the sole bargaining agent for

township police officers by the Township Board.

This first contract does not cover salary schedules.

Currently starting salaries are as follows: for recruit policeman, \$7,500 with an increase of \$260 after six months. Starting pay for experienced police officers is \$8,520 with a pay boost of \$260 after a probationary period of six months.

At the upcoming budget sessions the Township Board will be considering salary schedules and the Association will submit their requests at budget time, Smith reported.

"This area includes pursuits from furnishing glasses to a blind person, to the monumental undertakings of rehabilitation centers, eye banks, guide-dog-training schools and the furnishing of Braille literature, talking books, radios, etc."

TRANSPORTATION PLAN

(Continued from Page 1-A)

for development of a balanced transportation system.

"NOWHERE DID we find the responsible agencies considering a single element of the system as being capable of providing the necessary service to accommodate the needs of our urban complexes," the report states. It adds:

"Therefore, we need freeways, we need a good surface feeder bus system, we need truck terminals, airports, docks and waterways; but in addition, we need the ways to move masses of people safely, quickly and comfortably if our urban areas are to exist."

Bizek said Wayne County must be the "prime mover" in promoting development of a mass transportation system in southeastern Michigan because the County, having

the largest population, would be the hub of the system.

"I believe our major conclusion is that we are already dangerously behind in development of a mass transportation system," he added. "It is going to be 20 years from the time San Francisco started to plan until they have something running."

BENEFITTING FROM their experience, we may save 10 years, but even if we started today, it would be 1980 before we had a system operating. The need is, like, yesterday. Traffic congestion and the lack of good public transportation in many areas are already a problem. We may very well have chaos by 1980."

San Francisco's \$1.3 billion Bay Area Rapid Transit (BART) system is

scheduled to start operating in 1971. Seattle has completed design of a \$1.5 billion system and Los Angeles has plans for a \$2.5 billion system. But in both cases, financing is yet to be approved by the voters.

Tax Forms

About three million 1969 Federal income tax forms for America's farmers and fishermen will be sent to them a month earlier than usual, the Internal Revenue Service has announced. All other taxpayers will receive their packages about January 1.

A first for Internal Revenue, the early mailing is an attempt to assist the farmers and fishermen in taking advantage of options open to them in filing returns and paying their tax, IRS officials said.

Estimated tax forms, in a separate package, will reach farmers and fishermen about the same date. In previous years, the estimated tax forms were included in the income tax packages.

COST OVER \$1 MILLION

Michigan Bell Expands Romulus Area Facilities

ROMULUS—Michigan Bell Telephone Company has announced that it will spend \$1,135,000 next year to expand and improve telephone service in Romulus Township.

Kenneth J. Whalen, Michigan Bell president, said in Detroit that the expenditure is part of the company's record \$260,245,000 construction program for 1970. It tops this year's by some \$26,000,000 and marks the first time that the company-wide outlay will exceed the quarter-billion-dollar figure.

"The size of next year's construction program reflects not only the company's confidence in the future of Michigan, but also our determination to provide the amount and quality of communications services necessary to serve the public," Whalen said.

"WE HAVE been able to maintain good service and keep pace with the sharply rising demands on our facilities," he said. "But recently we have had to raise our sights to make sure our construction plans are in line with changing customer needs."

Whalen disclosed that part of the 1970 program will be financed through the sale of a \$150,000,000 debenture issue, largest in the company's history.

Directors of Michigan Bell already have authorized the sale and, if all regulatory approvals are obtained, bids are expected to be opened next February.

William J. MacArthur, Michigan Bell district manager here, said next year's

total expenditure for Romulus will be alloted as follows: Outside plant facilities, \$650,000; telephone equipment in homes and offices, \$115,000; central office equipment, \$110,000, and buildings, \$250,000.

STATEWIDE, the 1970 program calls for the start of two new buildings and 17 large building additions. Nine

new buildings and 14 additions, started last year, also will be completed.

Included in the program is Michigan Bell's largest single building project in history, the \$35 million corporate headquarters building now being erected in downtown Detroit. The 17-story structure is scheduled to be finished in 1972.

Michigan Bell expects to add 200,000 telephones next

year, and anticipates serving about 4.5 million telephones by the end of 1970. The company expects to handle more than 5 billion local and long distance calls next year.

TO HANDLE the new orders for phone service and to fill increased requests for better grades of service such as private lines, the company plans to install about 13 billion conductor feet of exchange cable.

Romulus OK's Installment Payments on Sewer Tie-ins

ROMULUS—The payment The Township trustees of Sewer Service Installment approved an amendment to Charge in installments for the Water and Sewer System Romulus residents with low Ordinance permitting such income has been approved by payments at their Dec. 1 meeting. The Trustees

deemed this action to be in the best interest of the Township.

The ordinance change provides method of paying the sewer service installation

and lists average annual gross income and dependency that applies.

UPON APPLICATION by the equitable owner of a township located residence, the Water and Sewer Commission may direct that the Sewer Service Installation Charge be paid by a \$50 down payment, and 16 quarterly installments starting with the next quarterly billing.

The ordinance change also provides that the Water and Sewer Commission shall not take action unless it finds that the residence was in existence and occupied by the applicant and that the applicant and his dependents residing with him do not have a combined annual gross income for the past 12 months in excess of \$2,985 with one dependent to \$6,080 with five or more dependents.

Details of the new ordinance amendment is published elsewhere in this edition.

WHILE MEETINGS are being held with the Air Transport Association, material and data provided by

the airlines is being reviewed and studied by the staff of the Pollution Control Center, and based on their findings, actions against the individual airlines will be decided upon.

Meanwhile, Sterling plans that surveys will be made on a county basis so that air quality standards may be established and procedures set up for enforcement of ordinances.

It is now required that new industries must apply for county permits if they must install equipment capable of polluting. But, it is up to the local zoning and planning boards to see that the requirements are met.

Enforcement of the regulations should be through the building inspectors of the various municipalities, working with the county office.

At present, Sterling reports, there are no saturation levels officially

established, whereby total pollutants are measured and safety standards enforced. Currently, citations are made to the most flagrant violators.

Preventative action, Sterling said, is the vital course each community must pursue in order to preserve an environment conducive to healthful living.

FLOWERS AND PEOPLE

Flowers are people, yes it's true.
Cause They can smile like me and you.
Their grin is such a pleasant thing,
Causes bells to ring and hearts to sing.

A smile really pleases my mother.
She's the joy in my heart, there is no other,
Except for my father, he's my heart, too.
But even flowers can be blue.

Flowers smile just everywhere.
But here's the thought I want to share.
My parents smile and cause the part
Of flowers blooming in my heart.

Two for Denise

THERE'S A WEDDING day just ahead (this Saturday, December 13, in fact) for Denise Rouster, of Belleville, and Dennis Smylie, of Detroit. Two recent showers for the bride-elect have supplied a nice beginning for the couple's future home.

Mrs. Robert Smylie, mother of the prospective bridegroom, invited friends from her neighborhood and relatives in to meet her future daughter-in-law at an afternoon shower in her Detroit home.

Bingo was the afternoon entertainment followed by a buffet luncheon and the opening of gifts. Denise's mother, Mrs. Lois Rouster, was on hand to help with the ribbons and wrappings.

ANOTHER SHOWER, tagged 'miscellaneous,' was held at the Masonic Temple, in Belleville, with about 65 attending. Hostesses for the afternoon were members of the bridal party: Bonnie Mills, Tammy Cullin, Cheryl Cullin, Faith Rouster, and Claudia Rouster.

Streamers in the wedding colors—red and white—festooned the dining room as guests enjoyed bingo and a buffet lunch.

St. Anthony's Catholic Church has been reserved for the wedding.

Island Holiday

DOUG AND Gerry Liedel, of Edgedale drive, had quite the most interesting of holidays this recent Thanksgiving, having spent that week on the island of Majorca off the coast of Spain. Leaving Detroit Metro on the 21st for a hop to Cleveland, they embarked on a 250-passenger jetliner for their destination—just 10½ hours away. They were part of a chartered tour planned by a Shriner's group from Ohio (their original plans to travel with Doug's Knights of Columbus cohorts having been re-scheduled.)

Among 17 Michiganders (or Michiganians, if you prefer) they did a lot of footwork on the Island taking in a pearl factory and another featuring leather goods; dining on the most marvelous of foods; visiting a reproduced Spanish village; and flying to Madrid for one day. The Prado Museum and the University of Madrid were included on their itinerary that day.

While their parents were away the five Liedels at home were in the good hands of Mrs. Mary Ackron. And for turkey dinner they were called for by good friends from

Destructive Youngsters Show Need of Guidance

Parents should seek professional help for the child who destroys for the sake of destroying or enjoys disrupting the play of other children, says Mrs. Kathleen Bufton, extension home economist for Wayne and Oakland counties.

"Something has gone wrong in this child's growing-up," she says, "and unless handled with skill and deep understanding, his attitude can settle into a persistent defiance and destructiveness."

"In the case of gang misdeeds commonly committed by 10-15 year-olds, the reasons for this behavior are not hard to find. The child doesn't want to be considered a sissy. He wants to be accepted by the others so he joins them in activities he would never dream of doing on his own."

Mrs. Bufton suggests that lessons in property value, the rights of other people, and sharing the cost of damages (out of his allowance) will help cut down on this kind of destructiveness.

"When there is an undue amount of this trouble in a neighborhood, parents would do well to examine the situation regarding their children's spare time," she adds. "Talking it over with a recreation leader, scoutmaster or church leader helps. Destructive gangs can become

constructive groups with proper guidance.

PAM MORRIS IS BRIDE

Newlywed Merritts Travel To Florida On Honeymoon

Arrangements of green-tinted pom-pom mums, yellow spider mums, and white gladioli graced the altar of the First United Methodist Church as Pamela Ann Morris approached with her father to become the bride of Keith Alan Merritt.

The Rev. J. Charles Dibley officiated at the double ring nuptials at six o'clock in the evening with some 175 guests in attendance.

The November 7 ceremony united the daughter of Mr. and Mrs. Samuel R. Morris, of 74 E. Wabash Avenue, Belleville, and the son of Mr. and Mrs. Gerald Merritt, of 50050 Bog Road, Belleville.

MR. AND MRS. KEITH A. MERRITT

FOR HER wedding day, Pam selected a toe-touching gown of lace over satin fashioned with a high neckline and bishop sleeves. Seed pearls, crystals, and iridescent frosted the front lace panel and a lace chapel train added back interest to the creation.

Her bouffant veil of silk illusion drifted to mid-back length from a high crown of pearls and rhinestones. An arm bouquet of long-stemmed pink and white roses completed her bridal finery.

Sandra A. Morris, who was her sister's maid of honor, carried long-stemmed orange roses and the bridesmaids, Carole Merritt, sister of the bridegroom, and Elsie Sedan, of Northville, a fellow employee and friend of the bride, held arrangements of long-stemmed yellow roses.

Identically dressed, they appeared in avocado frocks with long-sleeved sheer bodices and forest green satin skirts in the sheath mode. Their veiled avocado headresses were fashioned of lace flowers to match the trim which accented the necklines of their dresses.

THE BRIDEGROOM asked Sandy Bennett, of Belleville, to be his best man and ushers were Joe Bechtel, of Belleville and Dick Gall, of Ypsilanti.

For the happy event, both mothers donned floor-length gowns which were complimented with corsages of pink roses. Mrs. Morris was in pink and Mrs. Merritt in blue with accessories chosen in silver.

The Roma Hall, in Livonia, was reserved for the reception which followed. Some 285 friends and relatives were on hand to greet the newlyweds who later departed for a two weeks honeymoon in Lake Worth and St. Petersburg, Florida.

Both young people are graduates of Belleville High School. The new Mrs. Merritt attended Eastern Michigan University and was employed by American Airlines at Metro Airport prior to her marriage. Her husband spent three years at Eastern Michigan University and is currently serving with the U.S. Army at Fort Sill, Oklahoma. A veteran of the Vietnam conflict, he has one year left to serve.

The election was held at the Guild meeting held Nov. 19. Named chairman of this year's Children's Christmas Party to be held on Dec. 18, was Mrs. Christina Test with co-chairmen Mrs. Theresa Drouillard and Mrs. Lorene Brulez.

Party donations may be brought to the Dec. 17 meeting.

New members welcomed into the Mothers Guild were Mrs. Pat Yeager, Mrs. Sharon Haener, Mrs. Pyle and Mrs. Christine Test.

Bassinets Bulletins

Mr. and Mrs. William Cooper, of 20540 Martinsville Road, Belleville, have a new addition to their family. A baby son, he arrived November 27 at Beyer Hospital and weighed in at 8 lbs. - 4 ozs.

Wing Way Westward

THE SATURDAY following Thanksgiving the Thurston Jahrs jetted out to the West Coast for a visit with former Harmony Lane neighbors, John and Nona Andrews. Now making their home in Atherton, just south of San Francisco, the Andrews' are recently back from London where he was based while heading up "Ford-Europe."

The Jahrs included on their one-week calendar a visit to Marge's niece and husband, Karen and Peter Kullen, at the University of Berkley; were dinner guests of the Nick Andrews'; and enjoyed cocktails with Marge Milligan and her daughter, Meg, formerly of Lake Pointe Pass and now of Hillsboro. Sight-seeing in the Santa Cruz and Palo Alto circuits were also part of their stay.

Birthdays Gal-Orr

WHEN NOVEMBER and December arrive at the Lloyd Orr household on Harmony Lane, there's not much time for anything else but the birthday cake routine. Gathering the clan together Saturday night, Lloyd and Betty played host at dinner and the show at "Killarney Castle" in Windsor. Claiming the right to "Happy Birthday" greetings were all three of their children AND their brand new daughter-in-law.

Larry's birthday starts the chain on November 18 and his wife, Peggy's, is a month later, December 17. Lanny has November 29 as his special day and Lynn's falls in a couple of weeks, on the 28th.

Joining the group for the fun evening was Lynn's date, Dennie Bodenmiller. No congratulations for him, though—he's an August man.

Karen is "Showered"

KAREN KANE, who's to be the January 3 bride of Dennis Davis, had the thrill of unwrapping scads of pretty packages Sunday, November 30, at a miscellaneous shower given by her aunts. Held at the Haggerty Road home of Mary Anne Hudge, the party was co-hosted by Virginia Kane, of Trenton, and Betty Kane and Elaine Kane, of Wyandotte.

Twenty-seven guests—all relatives on the bride's paternal side—traveled from Northville, Beverly Hills, Wyandotte, and Trenton, for the dinner-shower.

Carrying out the color scheme of the wedding, the hostess centered her table with a white candelabra holding tall red tapers which harmonized with the table's red cloth. Holly, which will top the bridal attendants' muffs, accented the cream puff dessert and little white bells tied with red satin ribbon were presented to each of the guests.

Much reminiscing was in store as wedding albums (which each former bride was asked to bring) and family photographs were passed around. When it came time to present door prizes, the honoree's three younger sisters, Cindy, Jennie, and Mary Frances, (who're to be in the bridal coterie) drew the lucky winners' numbers.

Dentist's Dine Out

THREE OF our city's dentists and their wives were at the Ambassador Hilton in Ann Arbor Saturday evening for dining, dancing and catching up with other D.D.S.'s activities during the past year. Sponsored by the Women's Auxiliary to the Washtenaw District Dental Society, the annual Christmas gala held reservations for Dr. and Mrs. John Tator, of High Street, Dr. and Mrs. Gerald G. Miller, of Stanley Drive, and Dr. and Mrs. Thomas Troxell, of Harmony Lane.

AT LUTHERAN CHURCH

Crystal Redlin Is Bride Of Paul F. Kolver

St. Matthew's Lutheran Church, in Westland, was reserved November 21 for the double ring ceremony which united Crystal Marie Redlin and Paul Fredrick Kolver, both of Belleville, in holy matrimony. The seven o'clock nuptial rite was read by the Rev. Darrell P. Nelson before some 300 assembled guests.

Katherine Taylor at the organ accompanied Mary Browe as she sang "O Perfect Love".

Escorted to the sanctuary by her God-father, Earl Prieskorn, of Wayne, Crystal walked up an aisle lighted with tall tapers and pews marked with red, white and blue bows. Altar appointments included tall candelabras and arrangements of gladioli, mums, and carnations.

A COLONIAL STYLE creation of nylon rosepoint lace over taffeta was designed and made by the bride for her wedding day. A satin panel at the front of the bouffant skirt was etched with appliques of lace studded with seed pearls. Styling details on the bodice were a lace cummerbund with a large bow at the back, a Sabrina neckline banded in lace, and traditional tapered sleeves.

Her elbow-length veil of silk illusion was caught to a double crown of crystals and pearls and she carried cascading sweetheart roses and stephanotis.

The bridegroom's sister, Mrs. Eileen Fry, of Belleville, served as honor attendant in a gown of medium blue velvet fashioned in the ante-bellum mode with a ruffled lace panel at the front. The fitted bodice was sashed with a wide cummerbund, the sleeves were in three-quarter length with lace cuffs, and the rounded neckline was trimmed with matching lace.

She wore a white lace hat with a blue satin bow and held a white muff topped with a corsage of four red carnations.

In identical gowns of royal blue velvet were the six bridesmaids; Evelyn Zarycki, of Romulus; Christine Harris and Mrs. Lillian Sylvester, both of Belleville; Karen Theis, of Taylor, cousin of the bridegroom; and Linda Hawks and Linda Tindall, of

Ann Arbor. All the dresses were made by the bride.

THE BRIDEGROOM, son of Fred Kolver, of 8928 Haggerty Road, Belleville, asked Walter Wanzong, of Garden City, to serve as best man. The corps of ushers included Ted Wilson, Brian Wilson, Norman Fry, brother-in-law of the bridegroom; and Glenn Reinhardt, all of Belleville; Douglas Flinchum, of Richmond, Virginia; and Roger Thurston, of Plymouth.

Ringbearer was Earl Sylvester, son of the Embert Sylvesters of Belleville. Brenda Usher, daughter of the William Ushers, of Livonia, carried out the role of flowergirl in a miniature version of the bridesmaids' frocks.

The reception which followed was held at the U.A.W. Local 157 Hall, in Wayne. The bride's God-mother, Mrs. Helen Prieskorn, of Wayne, greeted guests in a royal blue formal gown with matching accessories and corsage of yellow carnations. Standing

in for the bridegroom's mother was his aunt, Mrs. Elsie Rhea, of Johannesburg. For the occasion she donned an aqua brocade evening dress with white and silver accessories. She, too, added a corsage of yellow carnations.

Also attending was the bridegroom's grandmother, Mrs. Mathilda Schultz, of Belleville, who wore a blue lace dress with white carnations pinned at the shoulder.

Since returning from their honeymoon to Indiana and Kentucky the newlyweds have made their home at 9008 Haggerty Road, Belleville.

The new Mrs. Kolver graduated from Ann Arbor High School and attended Cleary College. She is currently employed as a secretary for the Romulus Community Schools.

Paul graduated from Belleville High School and received his degree in accounting from Cleary College. He served with the U.S. Army for two years and just completed a six-month tour of duty in Vietnam.

GARDEN CLUB MEETS

Mrs. Mast Hostess At Holiday Party

A Christmas smorgasbord was enjoyed by twenty members of the Huron Valley Garden Club when they held their December meeting at the home of Mrs. Rodney Mast on Merle Court Monday. Each member brought a gift or decoration she had made to share with the group. Magazines and jewelry were collected for the Ypsilanti State Hospital.

Mrs. Michael Sirdanik, president, presided at the

business meeting. Mrs. Adger Wall, conservation chairman, reported on efforts to preserve the alligators in Florida from extinction and Mrs. Robert Hayes, horticulture chairman, discussed the possibility of planting the banks of the lake as a conservation measure.

Plans were made for members to attend the Christmas Show and Sale at the Eiler School in Carleton on Sat., Dec. 6.

Good Uses For Left-overs

As the name suggests, Red Flannel Hash is red because beets are used with the meat and potatoes. Good proportions include two and one-half cups of cooked, cut-up beef with three boiled potatoes, pared and sliced and one (16 ounces) can of beets, sliced or diced,

drained. Add these to the mixture of one-fourth cup of chopped onion browned until golden in four tablespoons of lard or drippings. Heat through, then pour over the top one-half cup of light cream and cook until a light brown crust has formed.

Pastor Shows Slides Of Trip To Holy Land

By Pearl Morris
Phone WH 1-1187

The Christmas season means so much more to the pastor of the Romulus Calvary Baptist Church, Rev. Lonnie England, since he and his son, Paul, made their recent trip to the Lands of the Bible, thanks to the generosity of his parishioners.

Rev. England shared many of his experiences with the congregation Sunday evening, Dec. 7, when he showed his slides of the Holy Land, including Bethlehem, where Christ was born in a manger; Bethany, Hebron, Cana, Jericho, the Mount of Olives, Gethsemane, Calvary and the garden Tomb, as well as many other Biblical spots.

Mr. and Mrs. Peter Glaab, Sr., are back at their home on Hannan Road after spending 3½ months with their daughter and family, the Philip DeLangises at Palos Verdes, California. The Glaabs made the trip back home via airline.

Mrs. I. Icenogle entertains members of the Mortonview Sewing Club this afternoon (Wednesday) at her home on Huron River Drive South. The ladies will enjoy noon lunch together after which they will sew on cancer pads. Guests will be Mrs. William Wilson of Wyandotte and Mrs. Delbert Reich of Romulus.

IN THE recent Rummage

Sale which Miss Cathy Wilson of Walnut Street held for the benefit of Romulus Santa Claus and his Workshop display on Goddard Road, over \$127 was collected. Funds will be used to restore many of the Santa workshop furnishings which were destroyed in a fire last spring.

Mrs. Emma (Fred) Zellmer, formerly of Eureka Road, remains very, very ill at this writing at the home of her granddaughter, Mrs. Shirley Sietoff, at 3368 22nd Street, Wyandotte. Mrs. Zellmer is 92 years old. Shirley's husband, Donald Sietoff, 40, passed away recently as the result of cancer. He leaves his wife and four children.

The W.S.C.S. of the United Methodist Church met in the church basement on Monday, Dec. 8, for potluck supper. Members exchanged \$1.00 gifts for Christmas.

Tonight (Wednesday) Dan Harvey, Trans World Radio Missionary, will be the guest speaker at the 7 p.m. service at the Calvary Baptist Church on Ozga Road.

Children in Kindergarten, first second and third grades were offered the Rubella Vaccine Monday, Dec. 8, in the Romulus Community Schools. There was no fee for the injection as the State of Michigan supplied the vaccine; however, the youngsters were required to bring letters of consent from their parents. Rubella (German Measles) can cause illness in a child, but, if transmitted to an expectant mother, can cause very serious birth defects.

Children are the ones who transmit the disease so pregnant women are protected by immunizing the children.

Two Romulus Senior boys, Fred M. Hay and Tom Romak, were guests of the Romulus Township Kiwanians last week at their Thursday dinner meeting held at the local Metro Inn.

The boys addressed club members during their after-dinner program and told of their experiences as delegates to Wolverine Boys State at Michigan State University this past summer. The Kiwanis Club was one of the sponsors of the program.

If you left school before you received your diploma, here is your second chance! You may join the class at any time. There is no charge.

A 6-pound, 10 ounce daughter was born last week to Mr. and Mrs. Terry Kozlowski of Mt. Pleasant, Michigan (former Marsha Harris of New Boston).

The baby was named "Tara Marie" and is the young couple's first child. Marsha is a '69 graduate of Central Michigan University where her husband, Terry, is completing his final term. Afterwards Mr. Kozlowski is scheduled to enter the armed forces.

Water and Sewer Job Bids Studied

ROMULUS—Contract bids for the construction of new water and sewer line extensions to cost in excess of a half a million dollars were taken under advisement by the Romulus Township Board.

Thirteen contractors submitted sealed bids last week. These bids were opened at the Dec. 1 meeting of the Township Board.

Roderick E. Smith, township supervisor, reported that the bids ranged from a high of \$470,000 to a low of \$286,530.

The Board instructed a study and review of the bids with specifications by the township engineers Wade & Trim before any decision will be made.

The new water and sewer line extensions are to be constructed in 18 top priority locations covering business, residential and commercial areas.

The areas to be handled by Romulus Water Department are not covered in the bids received.

General plans of the new and large water and sewer program have already been approved by the Township Board.

Orville Butzin Graduates

BELLEVILLE—Airman Orville F. Butzin, son of Mr. and Mrs. Orville Butzin Sr., of 2050 Lilley Road, has graduated at Shppard AFB, Tex., from the U.S. Air Force aircraft mechanics course.

The airman, now trained to maintain and service reciprocating engine aircraft and aircraft systems, is being assigned to Nellis AFB, Nev., for duty with the Tactical Air Command which provides combat air support for U.S. ground forces.

Police Warns Drivers About Winter Visibility

ROMULUS—Expressing grave concern over the many traffic crashes caused by poor visibility, Chief of Police Jacob J. Koch issued a pointed warning to Romulus drivers:

"A police officer has the legal responsibility to stop drivers whose car windows—front, side or rear—are obscured, or who are driving too fast for visibility conditions," the chief warned, "and we intend to discharge that obligation!"

Chief Koch pointed out that there are two major causes for winter visibility problems: (1) longer hours of darkness this time of year, and (2) snow, sleet, misty fog or frost clinging to windshield or windows.

"It's obvious that a driver knows when he can't see properly," he continued. "Therefore, it's only common sense for motorists to try and correct the situation."

THE CHIEF added: "Keep

the windshield completely clear—inside and out. Start the car and let the heater-defroster warm up before you take off. That means having defrosters that really work." Not only windshields, but side and rear windows and all mirrors inside and out—must be unobscured, the chief warned drivers.

And when you clean off the windows, also clean the headlight, taillight and directional signal lenses as well; Good scrapers, clean rags and spray de-icers in the car can make these jobs a lot easier.

KOCH ALSO referred to windshield wipers as the "Forgotten-untill-needed" safety items on a driver's visibility checklist.

Wiper arm tension should exert sufficient pressure to wipe away slush and snow. If wiper arm pressure equals an ounce to the inch of blade length, and streaking still occurs, it is recommended that wiper blades be replaced with live new rubber.

"Wipers that smear a coating of grime before your eyes are worse than none at all," Chief warned.

HE JOINED other members of the International Association of Chiefs of Police in pledging the continued and all-out cooperation of his department to reduce crashes in which poor visibility is a factor.

Permits other than building issued by the department boosted the fee collections to \$5,862 for November, Price reported.

The Chiefs also will have to lick Grosse Ile, the defending champ, if they are to realize a long-almost forgotten ambition of a basketball championship.

Huron will have to overcome tradition, as the Chiefs did when they defeated Blissfield, in order to make it four straight.

Huron, which had never won an athletic contest against Blissfield, will be fighting that same type of jinx when it travels to Grosse Ile, Friday night.

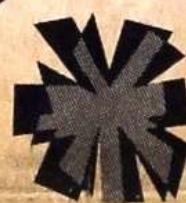

"They have a good team and a fine looking 6-10 center in Paul Smoke," said Court. "But let them worry about us. We have done enough worrying in the past."

Mobile Home Operator Withdraws Re-Zoning Plea

BELLEVILLE—A rezoning petition filed with the Van Buren Planning commission by George Rohler, owner and operator of Belleville Manor Mobile Homes, located at 8559 Belleville Road, has been withdrawn from further consideration by the planners.

Rohler had requested a zoning change from single-family residential to RT (mobile home) and commercial on 84 acres of land, located on the northeast corner of Tyler and Belleville Roads.

The re-zoning was for an expansion of his present mobile home facilities with an additional of some 310 additional homes and shopping center.

At the Dec. 3, Planning Commission hearing, Rohler asked that his petition be withdrawn until further notice. He gave no reason.

At an earlier hearing before the planners, some area residents had voiced objections to the combined

trailer park shopping center.

IN OTHER matters, the planners recommended that a preliminary plat plan submitted by land developers, Volk and Associates of Dearborn, be returned to the developer with instructions that the township's Planning Consultants, Parkins, Rogers & Associates be consulted and they recommended some changes.

An apartment complex and golf course to be located on Denton Road near Beckley Road and on Belleville Lake is involved.

The planners felt that the planned apartments would be too close to the lake's shoreline and that higher buildings would permit more green space around the proposed buildings.

Walter and Larry Boelter's request for a zoning change to permit improvement plans for his welding business, located on Haggerty Road was denied.

The Boelter's welding facilities is under a legal

non-conforming zoning at the present time. He had been allowed to operate the business in a residential area because his operation was established prior to adoption of zoning rules.

The status of non-conforming zoning area prevents him from altering, or expanding his business, it was reported.

The Park Drive Supply Company of Southfield received an approval of its preliminary plat plan on a proposed construction of single-family residences on a 166-lot housing project on Haggerty Road, south of Tyler Road.

RESIDENT ANNUAL, \$3.10; nonresident annual, \$6.10; resident trout and salmon stamp, \$2.10; nonresident trout and salmon stamp, \$3.10; resident 7-day, \$3.10; nonresident 7-day, \$5.10; special 1-day resident and nonresident for Great Lakes and Lake St. Clair, \$1.10; and special resident (for persons 65 years and older), 50 cents.

Agriculture Census To Start in January

For the first time, farmers will be requested to fill out and mail back their census reports, notes Don D. Juchartz, Wayne County Extension Director.

Previously, census takers called on all farm operators to complete and pick up the report forms, says Juchartz. The mail method allows farmer to complete the report at their convenience with the aid of their records.

THE 1969 blank forms

Christmas is observed in Greece but gifts are not exchanged. Boys sing carols and small coins are usually tossed to them. Special services are held at churches and there are goodies to eat.

will be mailed out in January, 1970. Since response is required by law, farmers who do not return their reports for the census will be contacted to obtain the missing data.

The 1969 census of agriculture is designed to provide information needed by

farmers and those who serve farmers.

Several new items are on the 1969 census form. Farmers will be asked to give the age of selected items of equipment, expenditures for key items such as pesticides and tons of commercially mixed formula feeds and

estimates of the market value of their machinery and equipment.

SPECIALIZED OPERATORS, who produce

most of our food and fiber, will be asked for additional information about major trends in production methods in a series of mail surveys to be conducted early in 1971.

"The 1969 Trouble Shooting Contest was the most successful we have ever had," White said, "and we expect 1970 to be even better."

A RECORD 206 of the

nation's top auto mechanic students, representing 1,925 high schools and colleges in all 50 states, competed in the 1969 National Finals for \$125,000 worth of scholarships and prizes.

John H. Moore, Jr., national manager of the Trouble Shooting Contest, said he anticipates participation at both the high school and post-high school levels to increase even more next year. It is expected that more than 2,000 high schools and colleges — with a total auto shop enrollment of more than 150,000 students — will take part in the 1970 contest.

THE POST-HIGH school classification was added to the contest in 1969. Moore explained that this allows junior colleges, community colleges, vocational training centers, etc., which have regular auto shop programs, to enter the contest. Teams from a total of 27 states participated in the post-high school classification in 1969. Local contests where 1970 national finalists are determined will be held across the country during March, April and May next year. Interested auto mechanic students and schools can obtain information about the Trouble Shooting Contest by contacting the Chrysler-Plymouth Division, P.O. Box 1658, Detroit, Michigan 48231.

EACH PARTICIPATING school selects, through intra-class competition, two auto shop students for its Trouble Shooting team.

Every contest consists of two competitions, a written exam worth 30 per cent of a team's final score and a mechanical challenge, which puts the theory into practice, that is worth 70 per cent of the overall score.

Purpose of the Plymouth Trouble Shooting Contest is to encourage mechanically-minded young men to complete their education and to seek rewarding careers as auto mechanics.

SINCE THE contest was originated by Plymouth in 1949, Trouble Shooting has placed more than 16,000 young men in full or part-time jobs as auto mechanics. Since the contest became a national event in 1962, the Division has made available scholarships for 146 students.

The banquet was prepared by St. John's Lutheran's Ladies Aid Society.

Beautifully decorated tables were in the school colors of red and white. Corsages were given to all ladies attending the dinner. The Varsity cheerleaders were the usherettes.

TALUS Hearing

WESTLAND—A hearing on TALUS Preliminary Plan for 1990 will be held at the Adlai Stevenson Elementary School, 38457 Palmer Road, tomorrow, Thursday, Dec. 11. Edmund Bizek, Democrat from Romulus and representing the 24th District on the Wayne County Board of Supervisors, announced.

Bizek reported that he has dispatched letters to all area elected officials and other interested parties asking their attendance at the meeting.

Ups Rate for Appeals

BELLEVILLE—Meetings conducted before Belleville's Board of Appeals will now cost petitioners \$50 instead of the present rate of \$10. City Council has ruled. The increased rate becomes effective immediately.

City Council members approved the higher cost at their Dec. 1 session. Mayor Royce E. Smith reported that the \$10 rate is far below that charged by adjacent municipalities.

The council also ordered that members of the Board of Appeals will now be

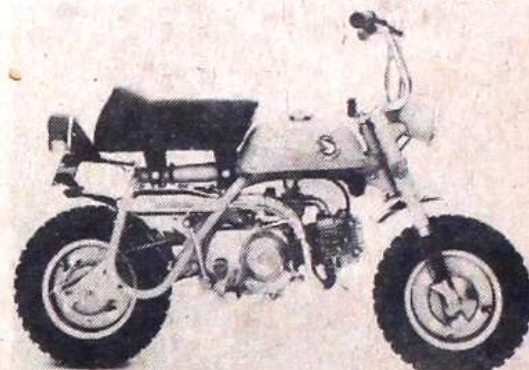

reimbursed \$5 per meeting. Previously they were not paid for meeting attendance.

A thorough updating of the city's Zoning Ordinance was ordered.

City Attorney B. Ward Smith was instructed to make a complete study of the Zoning Ordinance and proposed and necessary changes.

Council members adopted resolutions setting up zoning bans in the recently annexed Van Buren Township land parcels to the city.

Flyers Provide Romulus With Early Title Test

By JIM BRADLEY
Staff Sports Writer

ROMULUS—Hold your hats Romulus basketball fans, this could be the year of years for the Eagles to fly high.

At least they're off and flying to begin with. Coach Al Duva's skyscrapers riddled two teams last week on their way to clashing with Willow run, a real power, this Friday night. The Flyers will usher in the Twin Valley Conference competitors.

Romulus proved to be a very ungracious guest at Livonia Franklin Tuesday night as they demolished the Patriots, 76-46. Then they traveled to Detroit Saturday and literally overwhelmed All Saints, 67-31, after holding the former state power to

only four points in the first quarter.

But despite the good scoring by his Eagles, coach Duva is especially pleased with his defense. "We held Franklin to only six shots in the first quarter," he said, "and our boys are very quick, despite their height. I think our defensive play will turn the tide for us in many games this season."

After holding All Saints to only 4 points in the first stanza, Romulus, led by fast-breaking guard Charles Johnica's 18 points, rolled to a 43-13 halftime edge Saturday and coasted to their easy 67-31 win. Reserves flooded the floor after the third period was underway and nine of the 12 Romulus players scored.

Forward Frank Nesbit and Don Holimon each added 12

points in the rout as the Eagles hit on only 31 of 75 shots from the floor and sank a mere 5 free throws. But they held Saints to only 11 baskets in 40 attempts and 13 of 17 from the charity stripe.

In the Franklin game, Johnica again paced the attack with 23 big points, most of them coming on the Eagles' fast-break Nate Davis, a 6-foot-4 junior forward, sank 8 field goals and 4 free tosses for 20 points. Duva highly praised Davis, "He was playing his first varsity game and besides hitting 20 points, he pulled down 27 rebounds, just four short of the school record set last year. Davis had 17 rebounds against All Saints also.

Frank Nesbit had 13 points in the Franklin game while Don Holimon added 9. "We didn't score for almost five minutes into the Franklin game, but once we started to

UP AND AT HIM—East's Mike Roller (20) soars up towards the rims to block Riverside's Pat Wing's (55) shot in Friday night's nonleague. The Panthers managed to pull this one out, 60-49, to break into the winning column after losing to Edsel Ford in their debut. Roller finished up with 13 points for the night.

Tigers Head for R.U.

By JIM BRADLEY
Staff Sports Writer

indecisive in the lid-lifter for the season.

BELLEVILLE Belleville hosted a "sleeper" Friday night and was rudely awakened.

After being picked as a strong contender for league and area honors, the Tigers ran into a "so-so" Wayne team and was unceremoniously welcomed to the new season with a 57-48 defeat.

Wayne, a sleeping giant, with a front line averaging 6-4 in height, roused itself from a 30-30 tie in the third quarter and went on to the nine-point victory.

Coach Allen Gates of the Tigers confessed, "I'm quite disappointed. I thought we would win and, in fact, I might have been a little overconfident." The surprised mentor confided, "I really didn't think Wayne had that much. Looks like you could really call them the 'sleeper' of the area this season."

But Gates still holds to his previous prediction that the Tigers will be plenty tough after the inexperience and kinks are smoothed out. The inexperience showed up, although it was his pair of veteran guards who did not come through as expected. Dick Wenzel and Garrade Pettus, Gates' pair of veteran playmakers seemed tight and

"Frankly, I was quite disappointed with Wenzel and Pettus, although they have the ability to lead us to a good season," Gates said.

Wenzel hit on only 1 of 9 shots from the floor, while Pettus sank 7 of 21. "I thought our guards would hit from outside and this was our game plan. We outrebounded them, even though they were taller than I had expected," the Belleville mentor explained.

Evenly balanced scoring told the story of the ballgame. Wayne was led by hot-handed guard Mike Davis who hit for 15 points, mainly from outside, guard Jim Green and forward Don Bates chipped in 9 markers.

Wayne edged into a 10-9 first period lead and increased it to 26-21 at halftime. After the 30-30 deadlock midway through the third stanza, Wayne led 40-35 after the period and kept hitting from the outside at advantageous times to stay in front for the 57-48 win.

Belleville was paced by Pettus with seven buckets for 14 points, but Gates was especially pleased with newcomer Rick Mussehl who popped 12 points and snared a game-high 15 rebounds. Tom Brown added 9 points to the cause.

After meeting Ypsi last night, Belleville is slated to open its Suburban Six League season at Redford Union Friday night against a tough Panther squad.

"These games will be tough, but after being dumped last week, I'm sure we'll be ready," Gates said.

There's no denying it—Huron is for real. Yep, after Coach Dave Court's Chiefs drilled Blissfield 62-48 for their third consecutive—second in the league—victory, they've set themselves up as the title watchdogs.

What's the difference between cellar-dwelling and title contention?

Court had this explanation: DEFENSE.

"Our boys have taken pride in their work on defense and no team has scored more than 50 points on us and this is the major reason."

A couple of other good reasons, though, are Rick Wasilewski, a rugged 6-8 center who is dumping in points at a rate of 24 points per game and also junior "low-postman" Don Mittlestat, a 6-6 cager who is snaring rebounds, when he's not busy tapping them in from the offensive boards.

in 18 of his team's points as a tune up for the crucial test at Blissfield.

Blissfield isn't noted for losing cage games on home grounds, so it took some convincing on the part of Court & Company.

A sluggish 13-12 start and a 26-21 halftime edge kept Coach Court and fans on edge until Wasilewski opened up with 12 of his 30 points in the third quarter to pull the Chiefs out of danger.

Huron turned and maintained a 42-33 lead before going on to victory.

Belleville Spoils Watson Tank Debut

Though they got off to a late start, it wasn't late enough for Belleville's tankers to whip nonleague rival Wayne Memorial last week.

The Tigers, behind a couple of double winners—Chet Meyer and Bob Coppock—polished off Ron Watson's Zebras 66-35.

That Belleville win spoiled Watson's debut as head Wayne swim coach. Coppock and Meyer teamed up to dominate the freestyle events as the former won the 50 in 25.3 and the 100 in 56.9, while Meyer picked up the 200 in 2:06.0 and the 400 in 4:27.4.

Belleville also won both relays with Coach Bill Brandell selecting Jim Wolters, Terry Mills, Jeff Fry

and Bob Owen for the opening medley relay. The foursome was clocked in 2:09.0.

Kim Stone, Roger Thomas, Owen and John Thomas swam in the winning 400-yard freestyle team.

Jim Ackron, who stroked a 2:28.7 for the 200-yard individual medley, was the only other Tiger winner.

Brandell, who was late starting this year because he also is an assistant football coach, said his team is 10 days off the pace he set last year.

"We have some pretty good looking boys this season," said Coach Brandell. "And they should be greatly improved as the season progresses."

East Holds Mat Tourney Friday

The Garden City East Invitational Wrestling Meet, one of the toughest in the area if not the state, will bring together 16 teams Friday and Saturday to compete for team as well as individual honors.

The meet, to be held over the weekend at East High, was

dominated last year by Ypsilanti which returns to defend its title.

"This is one of the best tournaments in the area," said Len Barthlo, East athletic director. "There's plenty of outstanding prep talent coming to it."

Mr. X is a Mystery

The word is "charisma."

No, don't rush to Webster's for an explanation if you already don't know the word—I've done that for you. The word, according to Webster, is defined as "an extraordinary power," a "personal magic" and things in that order.

Humphrey Bogart, John Kennedy, Trudeau, Gordie Howe, Al Kaline, J. P. McCarthy have "it"—while the Baltimore Colt fans, Lou Alcindor, Denny McLain, Bruce Norris definitely do not.

And this Mr. X, who is on our Panel which predicts high school basketball games, apparently also has charisma. How else can we explain the numerous phone calls—from men and women and high school students—who wanted to know if Mr. So-and-So was Mr. X?

Some have gone as far as to accuse the Sports Meridian as a "double agent." Under the disguise of Mr. X, they say, the author of this column, who also is a member of the Panel, also fills in the blanks for Mr. X.

Not true!

The Sports Meridian will reveal how Mr. X got on the Panel, but, we again state categorically that "in order to protect his good name in the community—he will remain a mystery until the end of the season.

One day, it so happened during the football season, (when the Panel was also predicting games) this learned Mr. X approached us and in a tongue-and-cheek manner announced "that it would be easy to predict the outcome of the games."

We listened silently to his arguments and carefully recorded them for posterity. When he finished his doctorate, I asked him to become a member of the Panel during the basketball season.

He agreed.

I also added that if he should finish in the top three I would gladly wine-and-dine him at the place of his choice.

He agreed.

And, of course, if he failed to finish in the top three, he would wine-and-dine me (and that's going to cost a pretty penny).

He agreed.

Though I had promised not to reveal this Mr. X's name to anyone, I will say that this scholarly gent is an outstanding coach in the area.

But, folks, I don't think we should hold that against him.

Paging All Swim Coaches

Another mystery (lest it be a Boycott against our dearest friend Sports Editor Tom Mooradian, who definitely is without charisma) is the utter silence this season of the ANP swimming coaches.

We've been paging them at the schools for the past two weeks and, either they are not getting their messages, or the Sports Meridian has to get out his Right Guard again (or is it Red Guard).

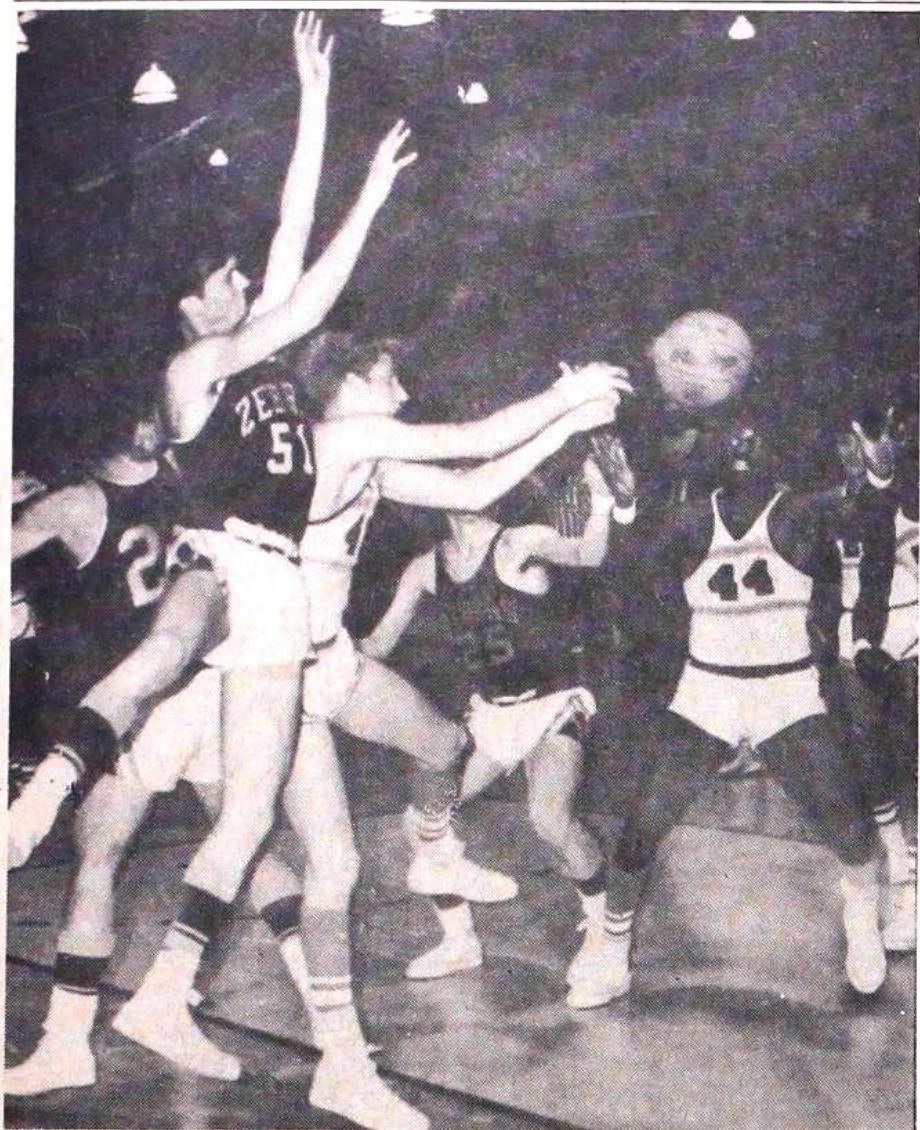

We know that Ron Watson, who's taken over for Dick Helppie at Wayne Memorial and Val Daugherty, who's replaced Kir: Winn (that lucky fellow) at Garden City East are newcomers to our Panax tank.

And they probably don't know the rules we work by—always on Friday, Saturday, Sunday and Monday, phone 729-4410, for the sports desk.

Winn, of course, dropped out of East and headed with his family for Spain where he is teaching, among other things.

But, where are veteran swimming coaches Phil Wurzel, George Hanosh, Larry Teehan, Horace Christolm, and Jerry Powloski?

They all can't be having a losing season!

OOPS—Wayne Memorial's Paul Glass (51) tries a little body oomph to break up a Belleville play. And it cost him a foul. The Zebras, however, broke up the Tigers' dreams for an opening night victory when they came away with a 57-48 decision from Belleville Friday night.

4 GOLD MEDALS FOR ROMULUS

Wayne WW Mat Quad

Wayne Memorial grapplers finally decided to put an end to sharing the Western Wayne Quadrangular title with neighbors John Glenn and chalked up a decisive victory at Romulus Saturday.

Rookie Coach Don Haney, who replaced Ray Rafford at the helm of the Zebra mat

squad, made his coaching debut in the area an auspicious one as his grapplers compiled a total of 50 points and three first places.

For the past two years Wayne and Glenn have shared the championship.

Belleville was the nearest challenger to the Zebras' right to first place, collecting a total of 38 points, while Glenn nosed out the host, Romulus by one point, 32-31, to capture third place.

Though they were seated in the cellar, Coach Jim Stallings' Eagles had the satisfaction of taking the largest amount of first places.

Romulus accumulated a total of four gold medals.

In the 98-pound class, Wayne's Richard Brooker outwrestled Belleville's Jose Garcia 16-4 to emerge with first place honors, while John Glenn's Tom Neil won a decisive 10-4 decision over Wayne's Dan Covert (107) to claim the gold medal in that class.

Romulus' Gregory Stephens easily disposed his 115-pound counterpart from Belleville, John Smith, 6-0 to dominate the class.

Tim Jones, representing Coach Bob Lusk's Rockets in the 123-pound bout, floored Wayne's Ron Stafford in 3:48 to stroll off the mats as the champ in his weight group.

Belleville was represented in the winner's circle by Mike Bunnic who defeated Rick Jones of John Glenn 4-0 for 130-pound class honors. The only other Tiger grappler to win a gold medal was 175-pound Victor Olgetree who downed Vince Wilhelm, of Wayne, 5-2.

Pete Londeau of Wayne had little trouble convincing Belleville's Jerry Fey to forget about the 137-pound first place medal. The Zebra grappler outclassed his foe, 11-1.

Glenn's Layman McLilley (145) picked up his first tournament medal of the year when he nipped Wayne's Bob

Mercado, 4-3, in a well-matched contest.

Romulus came up with victories in the 155-pound class as John Arrington decided Glenn's Mike Davis, 8-1 and Russ Reaume turned back Mike Pellechia, of Belleville, in 5:31 of the 185-pound bout.

Wayne's Gary Root also made his 1969 debut a successful one, downing Rick Phelps 5-3 to snatch the 165-class honors away from his Belleville rival.

Romulus' Tim Sypula worked Wayne's Rick Todd over for 5:10 before winning by a fall.

The Eagles also placed third with David Brown (165) and Marvin Williams (175). Williams is the younger brother of Nate, 'the Moose,' who was an All-Area heavyweight a couple of seasons ago for Coach Stallings.

Other third place medals went to John Birchard of John Glenn (98); Don Turney, of Belleville (107); Jim Tinsley, of Wayne (115); Bernie Polzin, of Belleville (123); Jim Bonsall, of Wayne (130); Dan Leese, of Glenn (137); Gary Krajewski, of Belleville (145); Randy Clayborn, of Wayne (155); Tom Nelson, of Wayne (185); and heavyweight Sam Leo, of John Glenn.

Romulus also launched the dual meet season with a heartbreaking 7-26 loss to nonleague rival, Cranbrook. The Eagles had the edge in first-six—and had a draw in the 155 where David Brown drew 3-3.

Winners for the Eagles were Reid Cappaert (115); Stephens (123); Kenny Kelly (130); Marvin Williams (175-pin); Russell Reaume (185-pin) and heavyweight Sypula.

Now the Eagles tangle with Willow Run's Flyers who sacked Robichaud, 96-83, and the latter will have the advantage of the home court. "It'll be a real good test to how good we are and what kind of season we can expect," Duva said.

Junior High Chorus, Band List Christmas Program

ROMULUS—The Romulus Junior High School Chorus and Bands will present their ANNUAL CHRISTMAS PROGRAM tomorrow (Thursday) evening, Dec. 11, in the Junior High gymnasium. The concert will get underway at 7:30 p.m.

The seventh grade band, under the direction of Richard Kruse, will open the program with "Santa Claus Is Comin' to Town" by Gillespie and "Carumba" by John Kimyon.

The eighth grade band, also under Kruse's direction, will offer excerpts from "Die Meistersinger" by Richard Wagner (arranged by Eric Osterling) in its portion of the program.

THE BAND will feature three members of its flute section in another of Osterling's works, "Skip to my Flute". Soloists will be Lisa Sayer, Carol McGinnis and Carla Hay.

The band will conclude with a selection by Frank

Richards entitled "The Lighter Side of Christmas". Included in the medley are "Frosty the Snowman", "Suzy Snowflake", "Christmas", "Jingle Bell Rock" and "The Merry Christmas Polka."

The eighth grade chorus, directed by Mrs. Frances Geiser, will present "Petit Noel", a Christmas cantata for mixed chorus and solo voices, based on old French Noels of the twelfth to eighteenth centuries.

THE SCHEME of the cantata is simple, with French carolers wending their way to the Manger, witnessing the events there, and later, returning to their French villages while the bells ring for Christmas morning.

Solos will be sung by the following chorus members: Ronald Bobo, James Branham, Vicki Howell, Edward Klimaszewski, Elaine Moore, Bruce Mulberry, Fred Opificius, Charles Poet,

Gregory Roundtree, Robin Roszler, Susan Ruffalo, David Stewart, and Samuel Thomas.

Members of a featured "echo choir" are Ronald Bobo, James Branham, Edward Klimaszewski, Bruce Mulberry, Candace Napier, Fred Opificius, Gregory Roundtree, Susan Ruffalo and Samuel Thomas.

The newly-formed seventh grade chorus will join the eighth grade chorus and the bands for a community carol sing at the conclusion of the program.

BABY SITTING services will be offered again this year for parents who find it necessary to bring young children to the concert. Members of the Junior High Student Council are offering the service.

Bedrooms---Overlooked In Too Many Homes

Let's talk about bedrooms! The room in your home in which you spend the most time and the same room which is the most often overlooked. In many homes, bedrooms take up half or more of the total living space. Yet, until just recently, bedrooms have received the smallest share of the homemaker's decorating attention, as well as the furniture dealer's merchandising efforts.

But, with the advent of supersized bedding, increased popularity of dual-purpose furniture (sleeper-sofas) and the accent on co-ordinated bed linens, blankets and draperies, this has all changed. In the past decade, there has been a revolution in the bedroom!

Today's homemakers are finding more daytime use of bedrooms with the addition of furnishings to make the room into a study, sitting room or just a quiet spot to relax in solitude.

The master bedroom in many new homes now features a dining area as well as a private bath. But no matter how old or new your home, or how large or small the rooms, there are some basics to remember when decorating or redecorating the bedroom.

The bed (or beds), of course, is the most important element of the room. The bed is made of four components—mattress (foam latex, open coil innerspring or pocketed coil innerspring), spring, headboard and frames. Whether you chose twin, double, queen or king sized beds, your choice should be determined by quality of construction and comfort as well as aesthetic appeal.

Since it is the largest unit in the room, placement of the bed is all-important and will determine the rest of your furniture arrangement. A good arrangement for twin beds is at right angles or, in a long, narrow room, foot to foot with a table dividing them.

Remember, when placing the bed, to keep sleeping comfort in mind. Make sure your bed is located in a spot away from daytime glare or nighttime street lighting. Ideally, there should be room for walking around three sides for ease in making the bed. An ideal arrangement is to confine one end of the bedroom for sleeping, the other for dressing and lounging space.

We're all aware of how important color is in influencing human moods. We've long been taught that restful colors—soft tints and cool hues—are the best choices for bedrooms. However, today the eclectic look is in and decorators are advocating bedrooms done in color schemes the inhabitants like, whether they run to brilliant or soft shades. And don't overlook patterns and/or prints for the bedroom. Just as in other rooms of the home, a vivid stripe or a colorful floral can add life and warmth to the bedroom.

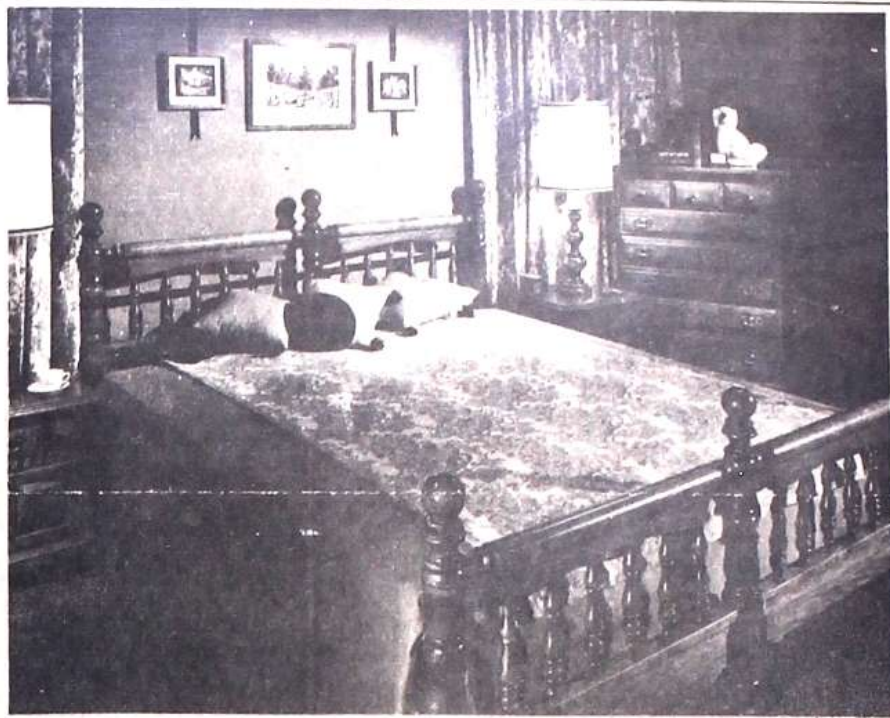

Since walls are the largest masses to be decorated, they should carry the dominant color of the room. If the bedroom is small, a light pastel shade will add the illusion of space. In most bedrooms, the ceiling should carry the lightest color tone.

Don't however, overlook the many decorating possibilities when covering the walls. A landscape paper or large mural on the wall facing the bed would be a cheerful note to wake up to. A wood paneled wall, behind the bed, combined with papered on painted walls can add a note of elegance. A wall of mirrors—smoked, marbled or clear—can add a lush look, as well as the look of spaciousness. Draperies can be used to frame the bed or run the length of a wall, ceiling to floor, to create a formal tone. The ideas are limitless.

Floor coverings are another important consideration in the bedroom. They absorb sound, act as insulators and are the foundation for the entire decorative scheme. You may choose area rugs, wall-to-wall carpeting, linoleum or plastic sheet flooring or floor tiles in a variety of materials, depending on your taste and your decorating scheme. And, since the traffic is usually lighter than in public areas of the house, you may indulge in more frivolous colors in the bedroom than in other rooms.

Decorating bedroom windows takes time and thought. Selection of draperies, curtains and shades are important decorating accents throughout the home, in the bedroom they must also be chosen to control light and insure privacy.

Bedroom window treatment also offers an easy way to acquire a "decorator" touch to your room. Wooden window valences can be covered with wallpaper to match wall coverings to give the room a coordinated look. Another idea is to "quilt" the valence with foam and then cover with material to match bedspread and/or draperies or padded headboard.

ANTIQUE FINISH on solid maple lends Old World charm to this Colonial bedroom setting created by Erv Hackert for Sprague & Carlton. Floral print of bedspread is repeated on draperies. Color scheme is gold, black and wood tones. Another "America at Home" room setting at the American Furniture Mart.

CONTEMPORARY BEDROOM setting from Ward Furniture Mfg. Co. Bedspread is a quilted fabric featuring a floral and leaf pattern in orange, yellow, greens and tan. The same pattern—non-quilted—is used to cover small table in foreground. Furnishings are finished in pecan. Room was designed by Ann A. Lasater for the American Furniture Mart's new "America at Home" series.

With just the right atmosphere, the good life can be just as much fun indoors.

One way to hang on to the carefree summer months is through wallcoverings that give you only happy thoughts all year long.

Framed Art Is Winter Delight

Pulling in the patio furniture and making the big move back indoors for winter?

You can soften these last goodbyes to summer weather by turning your sights to the indoor decorating scene, the

Picture and Frame Institute advises. Now is the time to start plans for decorating and home brightening projects to be carried out in the colder months ahead.

One sure way to get the decorative wheels turning is to spend an afternoon looking at framed art,

considering what you would like to add to your own at-home art collection. The best decorating schemes are closely tied to the framed art included in them, the Institute points out. If you are looking for artwork to fit into an existing decorating scheme be careful to consider furniture, colors, textures,

and proportion in making a choice.

Don't however, feel you are strictly tied to artwork from a specific period because of the furniture style you have chosen, the Institute says. In this day of mixing and matching period and contemporary pieces,

careful intermingling of framed art from various periods according to your own taste can be your best path toward personalized interiors.

Once you've made the choice in framed art for your home, you can move ahead into fall with decorating plans.

OLDTIME MOVIES

The Famous Early Movies Series at the Henry Ford Museum previews Christmas with a zany comedy and a children's classic this Sunday, Dec. 14.

Laurel and Hardy get things underway, starting in "Big Business" as Christmas tree salesmen in sunny California. Peace on earth, goodwill to men turns into a private war with Jimmy Finlayson, a war that nearly devastates the entire neighborhood. By the end of this delightful short film, however, the Christmas spirit prevails.

Completing this Christmas program is an extremely rare film on the ageless children's story, "Rumpelstiltskin." This 1914 version stars Clyde Tracy and Elizabeth Burbridge-Tally. It includes all the elements of magic and suspense that has made the story a favorite for generations.

This preview to Christmas program will be shown in the Museum Theater at 2 and 4 p.m. at no additional charge beyond the regular Museum admission. This is the last in the current series of Famous Early Movies. The Winter Series will begin January 4, 1970.

CERAMICS AT VILLAGE

The second semester of children's ceramics and weaving classes in the series begun this Fall has been announced by Greenfield Village. Scheduled to start Jan. 7, 1970, these craft classes are part of the educational expansion program made public recently. They were instituted to broaden considerably the educational services offered to the community, according to James A. Fowler, director of Education at the Village.

Beginning and advanced courses are offered in classes which are held in the afternoon after school hours. They meet

weekly in Greenfield Village buildings for one hour over a period of 12 weeks. Tuition is \$12 including all necessary equipment materials.

For registration, schedules or any other information contact: Education Department, Greenfield Village, Dearborn, Michigan 48121, telephone 271-1620, extension 324.

Greek Tragedy In Futuristic Setting

By HOWARD ALLEN
ANP Amusement Critic

There is a theory prevalent in some quarters that Shakespeare and other classicists are no longer relevant and that presenting them in their historical context is apt to bore the audience. In the name of

"correcting" this problem, the classics have been presented in every guide from modern clear back to the stone age.

As a rule of thumb, 90% of these experiments are utter disasters, so this sort of tampering is usually a highly risky business. But Dominic

Missimi took the gamble with Sophocles' "Antigone," and brought it off. The University of Detroit production, which returns to the boards after Christmas vacation, generates more excitement than the Greeks usually manage to stir up.

It's awfully difficult to involve an audience in Greek

drama, no matter how well done it is. Even the Greeks really never sought involvement. Their drama was mostly a religious exercise and their auditoriums were huge outdoor amphitheatres. The only way you could ever hear the play, in fact, was if

the cast wore masks with built-in amplifiers.

Missimi set his production in a futuristic cave exterior, so cleverly designed as to almost wholly blend the stage into the auditorium. The effect, both of sets and costumes, is something out of Buck Rogers. His adaptation is clear, which much offering a definite challenge to obstinate authority.

The cast is mixed, but A. Neil Thakaberry as Creon and Maureen Kelly as Antigone handle the leads well. Patricia Conn as Eurydice and Marc McCulloch as Haimon offer unfortunate characterizations.

It's a long time since "Antigone" has stirred up so much excitement.

"America, Hurray," takes an entirely different approach to challenging the establishment. The University of Michigan Theatre offered its own interpretation of the long-run off-Broadway diatribe last week.

Since the original was pretty free-form to begin with, it is meaningless to compare it with the New York staging. Michigan's focused on the mechanical a bit more, even unto simulating a car with real off-stage headlights, but the basic message is unchanged: America, yuech.

The worst of America's society is naturally reflected in its television and so a huge screen burlesques a typical day's programming, while three television monitors pass the trivia of a workday's existence, scarcely looking at the screen. At the end, the

point is clear, society is no better than television, for the roles have been switched and the characters are now watching the real life people.

The basic savagery of American society is expressed through three costumed "dolls" a Barbie doll and a Ken doll, which coarsely destroy a motel room decorated over the years with loving care, and a monological Raggedy Ann motel-keeper doll who is ultimately consumed herself.

There is nothing particularly new about "America, Hurray's" statement, but the expression is fresh in concept and U-M's interpretation was interesting and close enough to the author's intent to be acceptable.

Since this is the third run of "Man of La Mancha," at the Fisher and even the company has been here before, a return visit to the Fisher could only assess how the production is holding up.

What the Numbers Mean: School Aid

A Scorecard for Educational Reform

BY DICK MCKNIGHT

LANSING—Educational reform legislation being considered in Lansing this year is something just slightly clearer than a mud puddle to most of the taxpayers back home.

There are actually six different pieces of legislation under scrutiny, all of it by the Senate. The major bill, No. 1082, passed the Senate last week and now goes to the House for consideration.

Here is a brief rundown of each of the pieces of legislation at stake. Obviously, you can't tell the players without a score card. The corresponding House measure is added.

SENATE RESOLUTION Q

HOUSE RESOLUTION GG

This resolution would provide an amendment to the

state constitution to authorize the legislature to levy a property tax, on all real and personal property in the state.

Under current tax laws, only local areas may place taxes on property. Under the new educational reform laws, the state would be levying property taxes equally across the entire state. The resolution Q would allow this to be done.

The level of taxation would be set at 12 mills, but the resolution would allow local districts to levy three additional mills on top of the 12, if they wish to.

SENATE RESOLUTION W

Resolution W was presented by the Democratic leadership and allows the state to provide a tax of more than 20 mills on "non-residential" property. This means business and

industry could be taxed at a higher rate than homeowners.

SENATE BILLS 1093 and 1094

These bills generally remove the exemptions enjoyed by some products from state use and sales taxes. The products include commercially used diesel oil, newspaper and magazine materials and equipment, beer and liquor tax monies, church cars, 500-ton boats, handbills and other items.

The tightening of the belt in these areas is expected to produce \$33.5 million in new revenues.

SENATE BILL 1084

HOUSE BILL 3881

This provision calls for the removal of the present tax credit on state income tax

returns for having paid local property taxes. State Senator William Faust (D-13th District) explains that the bill would probably put the average local taxpayer even with the state, rather than getting some money back.

This bill is aimed at providing \$116 million in additional state revenues.

SENATE BILL 1082

HOUSE BILL 3882

This is the major reform package, which appropriates

New world Indians are given credit for originating the practice of scalping victims but it was also known and practiced in the Old World.

about \$1 billion in state aid to education. It represents an increase of \$71 in aid to public schools from kindergarten to the 12th grade. Other provisions are:

\$22.5 million for evaluation of reading abilities.

\$8.5 million for remedial reading courses and the reduction of teacher-pupil ratios.

\$50 million for special education.

\$25 million for aid to

non-public schools.

An amendment requiring a declaration of the constitutionality of aid to non-public schools before the law is final. In this way, the legislature can avoid having the Supreme Court throw out the entire law at a later date.

SENATE RESOLUTION P

HOUSE RESOLUTION FF

This resolution would require a Constitutional amendment be accepted by the people, providing for a

five-member State Board of Education appointed by the Governor, with the advice and consent of the Senate. This resolution is in conflict with the proposal by Governor Milliken that the State Board of Education be abolished and the Governor simply appoint a State Director of Education.

SENATE BILL 1085

HOUSE BILL 3885

This provision calls for the increase of cigarette taxes from 3½ mills to 6 mills on each package with 3½ mills earmarked specifically for education. This provision

would take effect January 1, 1970.

The constitutional amendments represented by Resolutions Q, P and W, would have to be voted on by the people of Michigan in November, 1970.

Should the amendments be defeated, educational reform would be stopped, at least until legislature could find another road to follow.

The educational reform package is due to go into effect in 1971. Similarly, none of the tax proposals being considered would be felt until 1971.

Norton Heads PCHA Body On Emergency Room Woes

WAYNE—Spurred by recent complaints about emergency room service, the Board of Directors of the People's Community Hospital Authority has undertaken a study of emergency room problems.

Board Vice-Chairman Patrick Norton of Wayne said this week he will head a special study committee to investigate such problems in all PCHA hospitals and in other hospitals with similar problems.

"We don't believe we are really much different than a lot of other hospitals in the United States," Norton said, "All of us have the same problems with emergency room service—I certainly don't think we are very much better or worse."

But, Norton added, the study is aimed at finding answers wherever possible, drawing on the experience of all the PCHA hospitals and hospitals all over the United States. "We want to come to some solutions if we can," Norton said, "And we are willing to look everywhere physically possible to find them."

Norton said the committee studying the matter will be made up of board members,

physicians and hospital administrators and will come up with a report within 90 days. "We're not going to fool around," Norton said, "We're going to get right into it and wrap it up just as soon as we can. We think it's that important."

The emergency room committee will include Board members Mrs. Justine Barnes, Westland; David Kerr, Dearborn Heights; Robert Wildish, Garden City; Edward Dudek, Inkster; Robert DeMars, Lincoln Park Mayor; PCHA Executive Director Dr. Karl Klinka; physician Dr. Heinz Handorf and four administrators of PCHA.

"The whole atmosphere surrounding emergency room problems is one charged with emotion," Norton said, "And we aren't going to point the finger at ourselves for past errors. What we want to do is improve, based on what ideas we can come up with, and how the professional staff reacts to the ideas."

Norton said the presence of administrators and physicians on the committee is intended to allow complete discussion between directors

and those actually on the job in the emergency rooms.

Civic Players Make House Calls

WAYNE—Wayne Civic Players are in the midst of rehearsals for several one-act comedies. Directors for the plays are Lois Tobin, Margaret Myers, Bob Weibel and Bob Wagner.

Included will be a "Tooth for a Tooth," a winning Community Theatre of Michigan one-act, and "Out of Whack," an original musical written by a local author.

The plays are available for touring and have several dates set already. Any organization interested in an evening of entertainment provided by the players may contact Ginny Tadlock, 425-2467.

January 16 Comes Early in Plymouth

PLYMOUTH—January 16 is coming to Plymouth High School on December 12 and 13.

Odd?

Actually, it's "The Night of January 16," the Plymouth High drama club presentation to be held at the school auditorium at 8:30 p.m. December 12 and 13.

The murder mystery features a trial in which 12 members of the audience must act as jurors, with a fee amounting to the price of a

ticket refund. The jurors will determine how the play is to end, with the evidence against the defendant equally balanced with his defense.

Tickets are on advance sale at the high school, Room 114, or may be purchased from a cast member, or at the door the night of the performance.

Grand Opening At 2 Local Burger Chefs

WESTLAND—Two new Burger Chef restaurants at Michigan Avenue and Sims in Wayne, and Wayne Road south of Cherry Hill in Westland will celebrate simultaneous grand openings December 13.

The two hamburger and roast-beef sandwich restaurants will bring the total of all Burger Chef restaurants in the Detroit metropolitan area to 22.

Santa will be on hand at both locations to greet youngsters, and WDSB radio will be broadcasting from the sites.

Dick Sheriff, manager of the Westland outlet, and Larry O'Connell, manager of the Wayne store, promise fast food service, with a capacity of 1500 hamburgers per hour.

Chuck Winkelman, regional area supervisor for the company, a division of General Foods, says the chain projects the largest number of food restaurants in the country by 1970.

Thirty-five local residents are employed in the two outlets, cooking all food over an open-flame broiler.

Blood Bus Visits Livonia

LIVONIA—The Red Cross bloodmobile will be at Northwest Regional Red Cross office, 31228 Five Mile Rd., Livonia, on Thursday, Dec. 18, from 2 to 8 p.m. Call 422-2787 to make an appointment to donate.

December blood collections are usually quite low—yet, blood needs are very high. It is important for all to take advantage of this conveniently located bloodmobile to make blood available for community needs during the holiday season.

Assn. Sets Dec. Dance

The Blue Grass Farms Civic Association of Livonia is holding its first annual dinner dance Dec. 19 at Roma Hall starting at 7 p.m. Buffet dinner and refreshments will be served and door prizes will be awarded.

Dancing from 9 p.m. to 1 a.m. to music by the University Men will highlight the evening's entertainment. Tickets are available at \$15 per couple and can be purchased from Marilyn Yarnovich. Charles Stupka is president of the group.
